REQUIREMENT 2

Learn about the buddy system and how it works in the outdoors. Pick a buddy for your walk.

"Two heads are better than one." You may have heard that saying before, and it is true. Sometimes you may forget a safety rule, or be unaware of a hazard up ahead, but if you are with a buddy, it is easier to stay safe.

The buddy system is the way for Cub Scouts to look after each other, especially on outdoor adventures. When you go on a walk, take a hike, swim, or camp with your den, each Cub Scout is to have a buddy.

You keep track of what your buddy is doing, and your buddy knows at all times where you are and how you are doing.

A Cub Scout leader might call for a buddy check. That means you must immediately hold up the hand of your buddy. The buddy system is a way of sharing the good times and keeping everyone safe.
